IGLUX **18** años

Iglux internacional

Iglux Lighting en 2025, ha cumplido **18** años de vida y se posiciona como una de las empresas de referencia en España dentro del sector de la **iluminación**, como fabricante y como distribuidor mayorista. Además de estar presente en todo el territorio nacional, comercializamos nuestros productos marca IGLUX, en otros países como **Italia, Emiratos Árabes, Catar, República Dominicana, Cuba o Johannesburgo** y en Portugal.

Iglux en España

Nuestro principal mercado es España con sus Islas, Ceuta y Melilla. Tenemos delegados comerciales en la mayoría de las Comunidades Autónomas y el resto del territorio nacional es atendido desde las oficinas centrales de Iglux Lighting, desde la web, por mail, por teléfono y con visitas comerciales en las instalaciones de los clientes.

Seas de donde seas, puedes contar con nosotros y disponer de una primera marca de iluminación, con 18 años de experiencia, con calidades premium y con precios muy competitivos. Visitando nuestra web lo comprobarás.

Iluminación Técnica y Actual

IGLUX pone a disposición de sus clientes el nuevo Catálogo Cool de Iluminación 2025, en el que incorpora las últimas novedades en **iluminación de diseño, comercial, industrial, doméstica y decorativa.**

El trabajo y el esfuerzo de todo nuestro equipo nos ha permitido desarrollar un catálogo en el que se incluyen nuevas soluciones como la **energía fotovoltaica y nuevos artículos de diseño de alta calidad**, acorde a las necesidades de nuestros clientes y del mercado.

Te invitamos a descubrir el Área de Clientes B2B en la que podrás realizar pedidos, consultar el stock en tiempo real o acceder a tus facturas, así como, a consultar nuestra página web en la que podrás descargar el catálogo actual.

IGLUX makes available to its customers the new Cool Lighting Catalog 2025, in which it incorporates the latest developments in design, commercial, industrial, domestic and decorative lighting.

The work and effort of our entire team has allowed us to develop a catalog that includes new solutions such as photovoltaic energy and new high-quality design items, according to the needs of our customers and the market.

*We invite you to discover the new **B2B Customer Area** where you can place orders, check the stock in real time or access your invoices. As well as, to consult our website where you can download the current catalog.*
